25X1

[REDACTED]

Order of Battle

1. The information I have on O/B follows:

- a. The only Czech Army unit about which I know is:

Unit	Subordination	[REDACTED]	Strength	Location
u/i Tk Unit	Unknown	Unknown	Unknown	Svatoplukovsky Kasarny Brno. [See Annex A]

25X1

[REDACTED] I saw 15 or 20 tanks of unknown origin going through the streets of Brno. I cannot give any information regarding these tanks, as to size, type or markings. However, judging from the route on which the tanks were traveling, I believe the tank unit was stationed in the Svatoplukovsky Kasarny in Brno.

25X1

- b. [REDACTED] I heard [REDACTED] the Czech 25X1 Army, that an artillery garrison was located at Topolcany / 4834N-1811E. [REDACTED] one of the batteries located there.

25X1

Military Equipment

2. [REDACTED] I was told by [REDACTED] that his unit was selling their horses to civilians and were receiving trucks in return. I do not know the type and model of trucks.

25X1

25X1

25X1

25X1

3. In the [redacted] the Czech Army requisitioned one heavy truck, model unknown to me, for fall maneuvers from MEZ Zidenice. Rental costs for the use of the truck were defrayed by the government. I also heard [redacted] that privately owned motorcycles were being requisitioned by the Army for the same purpose.

25X1

[redacted]

Reserve Training and Maneuvers

25X1

6. I heard [redacted] that army reservists were recalled for six weeks annual training in 1952.

Manpower

25X1

7. I have no knowledge of mobilization or demobilization in the Czech Army. In 1952, I heard that the duration of service in the Czech Army was two years.

Soviet Mission

25X1

8. I saw two Soviet officers in Prague in [redacted] I do not know their rank or duties. According to hearsay information, a Soviet Headquarters was located in Prague/Bohnice.

Purges

25X1

25X1

25X1A

9. [redacted] a former major in the Czech Army, was dismissed from the service in 1948 for not becoming a member of the Communist Party. [redacted] a former colonel of the general staff, was dismissed from the service in 1948. [redacted] that Brig. Gen. Antonin SKRIVANEK was dismissed in 1949 for similar reasons. [redacted] Note: Brig. Gen. Antonin SKRIVANEK is listed in the Czech OB Handbook, [redacted] Arty. Div. located in Kolin /5002N-1512E/ as CG of an [redacted]

Morale

25X1

10. [redacted] I was told [redacted] that an unidentified garrison in Eastern Slovakia shot their political officers, took all the equipment assigned to them, and deserted to the Tatra Mountains in Slovakia. It was common knowledge that all military personnel were dissatisfied with army life, for such reasons as limited pass policy, insufficiency of food, and too much political indoctrination.

Anti-Aircraft Defense

25X1

11. [redacted] I saw an anti-aircraft position located in Prague [See Annex B]. The position was located on a 200 x 50 m. plot of land. The land was covered with low bushes and trees and was approximately 400 m. northeast of Hradcany Castle. Hradcany Castle is the residence of the President of Czechoslovakia. I observed searchlights and about six AA guns in the area. I do not know the type and model of the searchlights or the type and caliber of the AA guns because both were covered with tarpaulins. The area was guarded by Czech soldiers, branch of service unknown to me. I did not see any radar near or in the vicinity of this area.

SECRET

25X1 12. [redacted] I was told [redacted] that the administration of MEZ Zidenice in Brno was ordered by the government (department unknown) to procure and store blackout cloth material costing 1,000,000 Czechoslovak crowns. 25X1

13. Air raid sirens, installed during World War II, were never dismantled and were being used throughout Czechoslovakia for signaling the beginning and end of work shifts. 25X1

Production of Army Materiel

25X1 14. In respect to production of tanks and tank parts, I heard [redacted] that in 1950 a new tank plant was built in Turciansky Svaty Martin [4904N-1856E], Slovakia. The plant was called Joseph W. Stalin Plant. (Zavody Josefa W. Stalina). I do not have any knowledge as to the type, model and amount of production of tanks. I also heard that the Svit Plant in Gottwaldov manufactured and installed rubber treading for tank tracks. 25X1 25X1

[redacted] dynamotors which were to be used in army radios. I do not know the size and models of the dynamotors, but I know that they were to go into production in April 1953. 25X1

Communist Youth Movements

15. Persons between the ages of 16 and 27 were admitted to the Czechoslovak Youth Association (Ceskoslovensky svaz mladeze - CSM), and unless a person was a member of this organization, he could not attend institutes of higher education. The CSM strictly enforced the policies of the Communist Party and if any special labor projects came up, such as working in the fields, building bridges, etc., the members immediately answered the call.

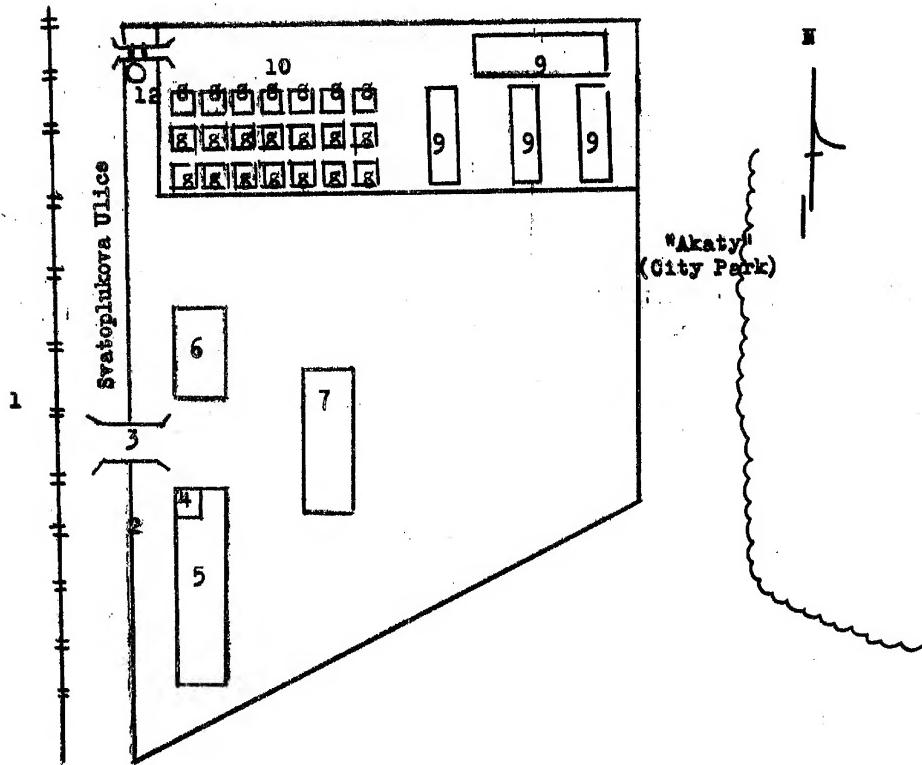

Annexes:

- A. Military Installation in Brno "Svatoplukove Kasarny"
- B. Anti-Aircraft Gun Emplacement, near Hradcany Castle, Prague
- C. Czech Officer Personality
